TWO IN BAD STATE.

Conditions at Lake Providence and Tallulah Worse.

INFECTION GENERAL.

Death of Secretary Lane of the Fifth District Levee Board of Dead Disease Has Added to the Alarm Felt.

New Orleans, Sept. 6.—With the exception of Lake Providence and Tallulah, near each other in north Louisiana, the yellow fever reports, both from city and country appear favorable in character. Locally there are many evidences of the success of the mosquito theory, the most conspicuous of which is the fact that in the last of new cases for Tuesday there is not a single one from the original area of infection, the forty-four squares in which the fever first appeared, though there are hundreds of non-immunes in the district. Superhuman work in the matter of disinfection and eradication of mosquitoes has been done in this section, and while the infection has not been entirely wiped out the days of freedom from new cases indicates the disease has been shorn of much of its power.

The attempt to postpone moving day for a month has had to be abandoned. House rentals in New Orleans cover the year from Sept. 30 to Oct. 1. A large majority of them have been signed and endless confusion and litigation would probably follow an attempt to prevent tenants from changing their abodes. However it has been decided that all tenants shall notify authorities of their intention to move and steps will be taken for thorough disinfection of all premises where there is a change of occupants.

The state board of health is to send further relief to Tallulah and Lake Providence where there has been serious recrudescence of fever. Dr. Tihenor has wired that infection is general over Tallulah and that female nurses are needed.

Tents reached Friday, La., for Lake Providence, but though they are needed badly there is no train to take them into that town and Health Officer Bernard has wired President Souther for help.

The death of Secretary A. L. Lane of the Fifth district levee board at Tallulah of yellow fever has added to the alarm of that town.

A denial is printed here that there is any fever on Grand Island. The island is situated on Gulf of Mexico in Jefferson parish and is a popular summer resort. It is said that 200 people from Levee took refuge there and spread the infection but Dr. Engelbach has written that no refugees have appeared on the island.

One hundred and forty screened cars have been collected at Chalmette to handle the cargo of the United Fruit company's steamer Limon, from Port Limon, which is on her way up the river with bananas, the largest cargo ever brought to an American port.

Seven new yellow fever cases and five deaths were reported up to noon Wednesday.

DECLARED UNTRUE.

Purcell Authorities Deny the Presence of Any Yellow Fever.

Ardmore, Sept. 6.—The mayor and board of health of Purcell say there is no truth in the statement from Gainesville that two cases of yellow fever exist among negroes here, and authorities of Lexington, across the line in Oklahoma, say nothing resembling the disease exists there. Purcell authorities say the town is entirely free of disease and in good sanitary condition.

SEQUOYAH'S SEAL.

It Was Designed by President Evans of Harry Kendall College.

Muskogee, Sept. 6.—A seal for the state of Sequoyah has been adopted. The central figure is a five-ray star. Between the two top rays is a picture of a Sequoyah holding a tablet on which is engraved in Cherokee, "We are Brothers." In the five rays are the seals of the five nations of Indians. In lighter face are forty-five smaller stars representing the states, the large star itself representing the new state Sequoyah. The whole is enclosed in an outer circle in which is engraved, "The official seal of the state of Sequoyah." The seal was designed by A. Grant Evans, president of Henry Kendall college and was drawn by C. H. Sawyer of Muskogee.

FIRE AND RIOTING.

Flames Do Great Damage in the "Blacktown" District.

St. Petersburg, Sept. 6.—Private advices from Baku, Caucasia, say that the "Blacktown" district of that city is still burning, also works at Balakhan, Bibelat, Noman and Sabunto. Losses amount to millions of rubles. Baku was overhung with dense clouds of smoke and flames of the burning buildings illuminated the city all night Tuesday. It is alleged the disorders were started by Armenians, who, disguised as soldiers, fired on Russians and Tartars. The Persian consul was asked to act as pacificator, but he replied that conciliation was impossible with the Armenians, who had killed 200 Persian subjects.

TREATY DULY SIGNED

Representatives of the Two Nations Affix Signatures.

JOY OF THE PEOPLE

Sainte of Eighteen Guns Signalized the Great Act of History That Had Just Happened and Bells Ring Out.

Portsmouth, N. H., Sept. 6.—The treaty of peace between Russia and Japan was signed by the representatives of the two empires at 3:47 p. m. Tuesday. On the instant of the consummation of the great historical act, a salute was fired at the United States navy yard on Kittery Point.

M. Witte, accompanied by Baron de Rosen and M. Plancon, left the hotel for the navy yard at 2:30 p. m. The rain, which had been falling previous to this time, suddenly ceased, and the sun, which had not been visible for three days, shone forth. Baron Komura, Minister Takahira and Mr. Denison, the legal adviser of the Japanese envoys, left at 2:48 in an automobile for the navy yard. They were greeted by the guests at the hotel gathered on the veranda to witness their departure.

Baron Komura, pointing at the sun, said smilingly: "It's a good omen for peace."

Baron Komura had been preceded by another motor car which carried Mr. Sato, and the Japanese secretaries, taking their copy of the peace treaty in a large black leather portfolio.

Both Russian and Japanese missions on their arrival at the navy yard were received at the entrance of the building by Admiral Mead, while two companies of marines, commanded by Major Moses, rendered military honors.

The copies of the treaty of peace brought to the navy yard had been carefully compared by the secretaries of the two missions in order to avoid the necessity of reading them before signing, at which personages extraneous to the negotiations assisted. When the secretaries had reported the perfect exactness of the two copies of the treaty, the plenipotentiaries and the other members of the two missions entered the conference hall, accompanied by Assistant Secretary Pierce, Governor McLane, Admiral Mead and the mayor of Portsmouth.

M. Witte was the first to sign his name to the treaty. After the ceremonies of the signing of the treaty, Baron de Rosen delivered a short speech, pointing out the importance of the event and the influence it will have in the relations between the two countries. He ended by expressing the satisfaction he felt at the good relations which have characterized the work of the plenipotentiaries. Baron Komura replied, paraphrasing Baron de Rosen's speech, and expressing his thanks for the kind words addressed to himself and to the members of his mission.

The entire Russian mission, headed by M. Witte, attended thanksgiving service celebrated in Christ Episcopal church by both American and Russian clergymen. Re-entering the hotel, one of the chief members of the Japanese mission said: "The treaty signed today may be the most important historical feature of the Twentieth century."

All the church bells at New Castle and Kittery and Portsmouth were rung as a sign of joy for about ten minutes, while flags were hoisted and general satisfaction was manifested.

Arrive at Boston.

Boston, Sept. 6.—Baron Komura and his suite, accompanied by Governor McLane of New Hampshire, reached this city from Portsmouth.

PALMER RETIRES.

Resignation of Public Printer Demanded by the President.

Washington, Sept. 6.—It has been learned authoritatively that the resignation of Public Printer Palmer has been called for by President Roosevelt, to take effect on 15th. Mr. Palmer asked for resignations of O. J. Ricketts and L. C. Hay, foremen of government printing office divisions. As soon as the president learned of this he demanded the resignation of Palmer.

FOUR LIVES LOST.

Twenty-One Persons Also Sustained Injuries as Result of a Collision.

Denver, Sept. 6.—Four persons were killed and twenty-one injured in a rear-end collision at Brush, Colo., on the Chicago, Burlington and Quincy railroad, eighty-eight miles east of Denver, between a passenger and a freight train, both west-bound.

The dead: Albert Whittaker, Chillicothe, Mo.; M. McCormick, Chillicothe, Mo.; Lee Vaughn, colored porter, Philadelphia; John Lindsey, colored cook, Philadelphia.

Seven Governors Accept.

New Orleans, Sept. 6.—The governors of seven southern and one northern states have accepted the invitation of Traffic Director J. C. Stubbs of the Southern Pacific to be present at the opening of the industrial exhibit of Louisiana and Texas products at Concord, N. H., this month.

GRIMES COUNTY ELECTION.

The following report of the Grimes county local option election, sent from Navasota, appeared in the Galveston News of yesterday: "The anti claim Grimes County by a majority of twenty-five. All boxes except that of Anderson were closed at 6 o'clock, contrary to the new Terrell election law, which took effect Aug. 12, 1905, and says that the polls must be opened at 8 o'clock a. m. and closed at 7 o'clock p. m. The polls closed throughout the county at 6 except at Anderson. The pros will doubtless contest."

Mr. A. F. Brigrance of Navasota passed through this city yesterday on the Central and stated to the Eagle reporter that the pros carried the county by a small majority, there being no doubt about the result; and that while some of the boxes were closed at 6 o'clock, a sufficient number remained open until 7 o'clock to insure the result.

MUCH MALARIA.

Dr. Eaves, However, Says There Is No Fever at Memphis.

Austin, Sept. 6.—Dr. F. J. Eaves, state quarantine officer stationed at Marshall, has just returned from Memphis, where he had been sent by State Health Officer Tabor to make an official investigation of the yellow fever situation there. Dr. Eaves reported that he found a great deal of malaria, but no traces of yellow fever. Memphis, he said, was right in the malaria zone, and he said it was a wonder that there was no fever there.

FOURTH BODY FOUND.

Corpse of Young Evans Discovered Near Where Others Drowned.

Paris, Tex., Sept. 6.—The body of the fourth boy who was drowned in Red river Sunday has been recovered. He was a son of Judge Evans, who lives near Frogville, L. T.

The bodies of the three Horton boys were all together and the Evans boy was about twenty yards lower down. The bodies were put on a wagon, the three Horton brothers side by side, and taken to Judge Oakes' place, near Goodwater, where the burial took place. The boys were in wading and none of them could swim.

ELEVEN CENTS.

Minimum Price of Cotton Is Recommended to Be This Figure.

Paris, Tex., Sept. 6.—President E. A. Calvin of the Farmers' union has returned from a meeting of the executive committee at Greenville. He says that the committee has recommended to the farmers a minimum price of 11 cents for this season's cotton crop. Circulars have been sent to all organizations in other states asking their co-operation in maintaining this price. The union states that it reserves the right to revise this recommendation as the gathering of the crop proceeds, and if the present poor conditions continue the minimum price will probably be increased.

TICK TORMENTORS.

Fort Worth Man Says He Never Saw the Pests So Numerous.

Fort Worth, Sept. 6.—John B. Miller has returned from the Indian Territory, where he has been looking after his cattle interests. He says he never saw fewer ticks so bad. In the Comanche and Addington countries the ticks are practically eating cattle up, they dying by hundreds. Ranchers are dipping cattle in an effort to save them. Ticks cover the animals in a solid mass throwing them into a fever, resulting in killing them.

TRAIN KILLS COW.

Animal Hurlled Against a Farmer and He Knocked Down.

Denison, Sept. 6.—A queer accident happened at Red Oak, Tex., the cause being a cow that got in front of a Missouri, Kansas and Texas passenger train. The cow was struck by the train, which was going at a high rate of speed, and thrown in the air. She struck a farmer who was standing beside the track, knocking him down and injuring him. The cow was killed.

DIES OF JAUNDICE.

Tallest Man in Smith County Expires After a Brief Illness.

Winona, Tex., Sept. 6.—R. A. Coulter, a prominent farmer residing one mile north of Winona, died of black jaundice after being sick only four days. Mr. Coulter bore the distinction of being the tallest man in Smith county, being 6 feet 11 inches tall. He was so tall no coffin long enough for him could be procured, and workmen had to make a coffin for the burial of his body. The coffin was over seven feet long. He was a Mason and left a wife and seven children.

BRYAN A. AND M. ALUMNI

Endorse Prof. H. H. Harrington for
President of the College.

The A. and M. College Alumni Association of Bryan held a meeting last evening in the parlors of the Exchange hotel, to take action regarding the selection by the board of directors, at Dallas tomorrow, of a successor to Dr. Houston as president of the College.

A resolution was adopted embodying the following message to the board of directors: "The Alumni Association of Bryan heartily endorse Prof. H. H. Harrington for president of the College. We believe that in all respects he is pre-eminently the man for the place." Signed by F. M. Law, president, W. A. Watkins, secretary.

ONLY TWO DEATHS.

Dr. White is Confident That All Cases Have Been Reported.

New Orleans Sept. 6.—Following is yellow fever report up to 6 o'clock Tuesday evening: New cases, 32; total, 3111; deaths, 2; total, 294; new foci, 9; cases under treatment, 330; cases discharged, 1487.

Dr. White gave out a statement in part as follows: "I want to say that the New Orleans Parish Medical society, and also many other physicians, have unquestionably reported all cases, and any odium applied to a few derelicts should not by any possibility be attached to these gentlemen, who have been honorable in all their acts." Both the deaths occurred on the outskirts of the city.

The worst news from the country districts is now coming from Lake Providence and Tallulah, in the north-eastern part of the state. Twenty new cases were found at both places.

Other country reports are: Patterson, eleven new cases, two deaths. Kenner, two cases, one death. Hanson City, eight cases. Jefferson parish, Estelle station, three cases.

St. Charles parish, St. Rose, one case, two deaths; Pecan Grove, one death. St. Bernard parish, Terre Aux Boeuf, two cases; Verret, one case; near Slaughter House, five cases.

Sensational statements appearing elsewhere that the sugar plantations of Louisiana are deserted, that because they are unable to get laborers the planters will lose their crops, and that thousands of persons will be destitute by the destruction of all the cane that has been grown, are stated here to be absolutely without any foundation. Before the season of cane cutting comes all the quarantines will have been raised and not a stick of it will be lost for lack of labor to cut it.

SERIOUS AT TALLULAH.

About Twenty New Yellow Fever Cases Have Appeared There.

Vicksburg, Miss., Sept. 6.—Reports from Tallulah, Madison parish, Louisiana, eighteen miles west of this city, report rather a serious state of affairs there where some eighteen or twenty cases of yellow fever have appeared within the past few days. A. T. Lane, secretary of the Fifth Louisiana district levee board, died Tuesday, and several others are critically ill. A week ago Dr. Krauss gave the town a clean bill of health, but the fever re-appeared there last Saturday.

Widely Scattered.

Vicksburg, Miss., Sept. 6.—With six new cases of yellow fever up to 6 p. m. Tuesday's record was the worst since the disease made its appearance here. Of the new cases five are whites, one a prominent lawyer. They are widely scattered, almost every section of the town apparently being infected. So far there has been no deaths and none of the sick are seriously ill.

One More Case.

Natchez, Miss., Sept. 6.—One new case of fever was reported Tuesday and three patients discharged, leaving two under treatment. The new patient is a colored woman living in the same block where the infection was discovered, and shows that thus far the fever is under control. There have been fourteen cases, but no deaths.

Resulted Fatally.

Atlanta, Sept. 6.—Atlanta's only yellow fever case resulted fatally shortly after noon Tuesday.

THROWN OUT.

This Action Taken With Contested Game Played Aug. 20.

Fort Worth, Sept. 6.—At a meeting of the Texas Baseball league Tuesday night it was decided to throw out the contested game played at Dallas on Aug. 20, when Umpire Burns gave the game to Fort Worth at the end of the seventh inning. The matter was referred to a major league umpire.

It was decided to hold a meeting here on 8th to decide pennant question. Sinking fund was divided. Houston team being disbanded, it and Fort Worth will not play for state championship.

PLAY FIFTEEN INNINGS.

Only Three Hits Off Waddell, but His Team Lost the Game.

In the Boston-Philadelphia game in the American league Tuesday at Boston only three hits were made off Waddell of the Philadelphia, but his team went to pieces and Boston won out in the fifteenth inning. Score: Boston, 3; Philadelphia, 2.

Detroit, 6; Chicago, 5; Detroit, 3; Chicago, 2.

St. Louis, 6; Cleveland, 0.

New York, 5; Washington, 4.

TURBULENCE AT TOKIO.

Mass Meeting to Protest Against Method of Settlement Held.

Tokio, Sept. 6.—A turbulent meeting attendant on popular anger over terms of peace with Russia was to be held in Hibiya park, but police closed the gates. Municipality protested against the action of the police and finally the gates were thrown open and a large crowd gathered and voted in favor of resolutions declaring the nation was humiliated and denouncing the terms upon which the treaty of peace was arranged. The crowd was serious in conduct rather than angry, and the police handled it discretely. The gathering eventually dispersed in an orderly manner.

Later on, however, a crowd attempted to hold a meeting in Shintomi theater and the police dispersed it. A portion of the crowd then proceeded to the office of the Kokumin Shinbun, the government organ, and began hooting. Three employees of the paper armed with swords appeared at a door of the building and checked the attack and the police dispersed the crowd.

It was thought the trouble had passed when suddenly a portion of the crowd made a rush at the building, hurled stones and damaged some machinery. Several persons were injured during the attack, but the police eventually cleared the streets of the crowd and arrested a number of rioters. The disorder was not general and the situation is not serious.

Similar meetings have been held at Osaka and Nagoya, which in round terms denounced the government and asked it to resign.

The general sentiment throughout seems to favor reactionary measures, but it appears a clear majority of the people eventually will accept the result of peace conference, however disappointing it may be.

GRAND ARMY PARADES.

Many of the Aged Men Marched a Distance of Two Miles.

Denver, Sept. 6.—The main event of the Grand Army encampment, speaking from the view point of the rank and file was the grand parade which occurred Wednesday. To veterans, the privilege of again treading step with comrades of the bivouac of '61 was one for which no hardship seems too great to undergo, no ordeal too severe to undertake. Many marched two miles, exhausted when the end was reached. Many others weakened by age, fell out of line long before the journey was completed. The ovation given the marchers was unstinted. The streets were packed with people, and windows and roofs of buildings along the line of march swarmed with humanity. The cheering was continuous.

AWAITS WORD.

French Ministry Is Determined to Enforce Its Demands.

Paris, Sept. 6.—The government still awaits word from Fez regarding the sultan's answer to the French ultimatum to Morocco, the time limit of which expired Tuesday. It is the firm intention of the ministers to enforce redress with reference to outside influence. Unofficial intimations have been received that Germany does not sympathize with the French military demonstration against Morocco, believing it likely to complicate general Moroccan question on the eve of the conference. Nevertheless there is a positive determination here to keep redress for outrage in arrest of an Algerian citizen entirely separate from the general question of Morocco and pursue the question of redress whether both military and naval demonstrations are to be made.

BROTHER KILLS BROTHER.

One Who Committed the Deed Thought to Be Mentally Unbalanced.

Louisville, Ky., Sept. 6.—"Cash" Club, one of the wealthiest men in Henry county, was shot and killed by his brother, Coswell, a hotel proprietor at Pleasureville, Ky. The murdered man was sixty years of age and his brother forty-eight. The brothers had some difficulty over money matters, but friends attribute the shooting to mind derangement rather than disagreement over finances. The tragedy took place at Pleasureville.

MANY DIVORCE CASES.

One Hundred and Fifty-Eight Docketed at Fort Worth.

Fort Worth, Sept. 6.—There are 433 cases on the docket of the Seventeenth district court. Of this this number 155 are for divorce.

Lena Leaves Saturday.

Vallejo, Cal., Sept. 6.—The Russian cruiser Lena, which has been interned at Mare Island navy yard for nearly a year, will leave for San Francisco next Saturday, where she will go into dry dock. Permission has been received and orders are now awaited for the Lena to depart for Vladivostok. She is expected to sail for that port about Sept. 20.

Two Cholera Deaths.

Posen, Prussia, Sept. 6.—The wife of Karl Scheffler, a ship owner of Stetten, died here of cholera. There was also a death at Bromberg.

Slew Girl and Self.

Moscow, Sept. 6.—M. Khotinski, a nephew of Mme. Witte, shot a girl through the heart and fatally turned the revolver on himself.

Third Case at Hamburg.

Hamburg, Sept. 6.—A case of cholera, the third, has been found in the heart of the business district.

At Burnside, Miss., last spike has been driven connecting two divisions of Mobile, Jackson and Kansas City railroad.

CONFEDERATE ENCAMPMENT.

Railroad Commissioner Storey Principal Speaker First Day.

Fort Worth, Sept. 6.—Annual encampment of Confederate Veterans is being held at Confederate park, ten miles northwest. Opening address was made by Hon. C. K. Bell of Fort Worth, who reviewed events preceding the Civil war and told of the reasons for the secession of the southern states, explaining why the leaders of the movement felt entirely justified in withdrawing from the Union.

Judge L. J. Storey, chairman of the state railroad commission, addressed the veterans, taking for his subject, "The Causes Leading Up to the Civil War."

SOLDIER SLAIN.

One of the Same Troop Was Placed in Confinement at Post.

San Antonio, Sept. 6.—Private Edwin W. Cope, Troop I, First cavalry, was almost instantly killed in the quarters of the troops at Fort Sam Houston. Private Edwin C. Gerhardt of the same troop is in confinement at the post awaiting action of a board of officers investigating the tragedy.

FLIRTING PROHIBITED.

Finable Offense to Make Goo-Goo Eyes or Loaf on Street Corners.

Houston, Sept. 6.—The city commissioners have passed ordinances against flirting and making goo-goo eyes on the streets and against standing or loafing on street corners. Fines accompany violation.

Pioneer Passes Away.

Dawson, Tex., Sept. 6.—Uncle Britt Dawson, for whom the town was named, passed away at the age of eighty-eight years. In early days he was a prominent cattleman in this section, but for the last few years had given his attention to farming.

Johnson Will Sign Deeds.

Muskogee, Sept. 6.—The long controversy between the department of the interior at Washington and Governor Johnson of the Chickasaw nation over the signing the Indian allotments has been brought to a close here. Governor Johnson notified Commissioner Bixby that he had decided to sign the deeds.

Whisky Barrels Explode.

Guthrie, Sept. 6.—Charles Dent of Stillwater and James Brown of Woodward were perhaps fatally injured by similar accidents, each attempting to burn whisky barrels, in each case the barrel exploding and inflicting severe injuries. A small son of Dent was also injured.

No Woman Suffrage.

Muskogee, Sept. 6.—Woman suffrage plank was defeated in committee of constitutional convention. Fight was intense.

Caused Sharp Break.

New York, Sept. 6.—The monthly government cotton report overshadowed all other influences in Tuesday's market and caused a very sharp break in prices, from which there was little recovery, with the market at the close showing a net loss of 25 to 27 points. Sales estimated at 600,000 bales.

Order Not Restored.

Baku, Sept. 6.—Troops under the direction of the governor are acting with the utmost vigor, but they have not succeeded in restoring order, although there is rather less firing. Armed rioters attacked the oil works in the suburbs of Balakhan and after a hot fight set fire to them. Famine in many districts renders situation terrible.

Eleven More Cholera Cases.

Berlin, Sept. 6.—Eleven fresh cholera cases and one death have been reported. This makes up to noon Tuesday seventy-seven cases and twenty-four deaths. There is one new case at Rastenburg, Prussia.

Is Arranging Race.

Berlin, Sept. 6.—The Associated Press, in response to a written inquiry about the Glasgow rumor that Emperor William was arranging a trans-Atlantic yacht race for 1907, is informed by a member of the emperor's suite that the report is true.

Parker's New Position.

New York, Sept. 6.—Former Judge Alton B. Parker will succeed Professor Collins as chief counsel for the Brooklyn Rapid Transit company at an annual salary of \$100,000 according to an announcement.

Many Names Stricken Off.

Philadelphia, Sept. 6.—Assessors of the 1104 election precincts begun exact assessment Tuesday. About 50,000 names were stricken from the lists.

Jeffries Willing.

San Francisco, Sept. 6.—Jeffries will referee the Britt-Nelson fight. He is to receive \$1000. Principles have not accepted him.

Another Steamer Lost.

Ashland, Wis., Sept. 6.—Steamer Isosce was also lost in the Lake Superior storm. Her crew numbered eighteen.

Despite Denials.

Paris, Sept. 6.—A dispatch to the Matin says that despite the denials it is probable that King Alfonso will marry Princess Eugenia of Battenburg, niece of King Edward.

Died in a Few Hours.

Posen, Prussia, Sept. 6.—A locomotive engineer was seized with cholera here while on his engine and died within a few hours.

By the accidental discharge of a gun near Seguin, Tex., a Mexican boy killed his little girl cousin and badly wounded another boy.

At Sabine Lake, near Big Sandy, Theodore Mingo, a boy, had his right arm and leg cut off by a train.
